

# Oxygen

## Woodman

I came apart inside a world made of angry people  
I found a boy who had a dream, making everyone smile  
    He was sunshine, I fell over  
    My feet like bricks underwater  
And how am I supposed to tell you how I feel?  
    I need oxygen  
    Oh baby, if I was your lady  
    I would make you happy  
I'm never gonna leave, never gonna leave  
    Oh baby, I will be your lady  
    I am going crazy for you  
And so I found a state of mind where I could be speechless  
    I had to try it for a while to figure out this feeling  
    This felt so right pull me upside down  
    To a place where you've been waiting  
And how am I supposed to tell you how I feel?  
    I need oxygen  
    Oh baby, if I was your lady  
    I would make you happy  
I'm never gonna leave, never gonna leave  
    Oh baby, I will be your lady  
    I am going crazy for you  
And you don't want to keep me waiting  
    Staring at my fingers, feeling like a fool  
    Oh baby, I will be your lady  
    I will make you happy  
I'm never gonna leave, never gonna leave  
    Oh baby, I will be your lady  
    I am going crazy, yeah, oh, oh, oh  
    Tell me what you want  
    Baby, tell me what you need  
    Anything I ask baby, give it to me  
    Baby, give it to me, give it to me  
I came apart inside a world made of angry people  
I found a boy who had a dream, making everyone smile
