Elect The Dead

Serj Tankian

Arms are raised above the sky
But all I want is me
You are there beside the night
But all I want is me
All I want is me
Love we know comes from inside
But all I want is me
All I want is me
Death we know come to us alive
But all I want is you
Death we know comes to all of us alive
But all I want is you
All I need is you, all I want
