## Sugar

## Maren Morris

[Verse 1]

Boy I've been cooking up one hell of a crush I've got you on my mind the minute I wake up You make the morning glow, make the rooster crow, get my juices flowing You know I got the spice but it ain't enough[Chorus] Baby would you be my sugar, sugar? Make my heart race, even on a good day You make the world taste better, better Good on anything, want you on everything Just a little bit is all it takes Like a Coca-Cola on a Christmas Day You're what I crave babe, what can I say? Would you, would you Would you be my sugar, sugar?[Verse 1] Tried the fake shit but it ain't the same A girl just knows when it's the real thing Yeah I'm a cup of tea with a touch of cream but something's missing So I'm gonna put this nice and sweet[Chorus] Baby would you be my sugar, sugar? Make my heart race, even on a good day You make the world taste better, better Good on anything, want you on everything Just a little bit is all it takes Like a Coca-Cola on a Christmas Day You're what I crave babe, what can I say? Would you, would you Would you be my sugar, sugar? Would you be my sugar, sugar?[Bridge] Sugar sugar, you make my heart race Even on a good day you make the world taste Better better, good on anything Just a little bit is all that it takes[Chorus] Sugar, sugar Make my heart race, even on a good day You make the world taste better, better Good on anything, want you on everything Just a little bit is all it takes Like a Coca-Cola on a Christmas Day You're what I crave babe, what can I say?

Would you, would you Would you be my sugar, sugar? Would you be my sugar, sugar? Yeah
