Dark Days

Good Old War

I fell apart in your arms when I was afraid
I had no where to go
Oh if you weren't around to show me the way
How would I ever know
I'm happy to just breathe, breathe, breathe,
Now that I finally see, see clearly
What's right in front of me
I'm happy to just breathe, breathe, breathe
They say there's no coming back but what do they
What do they know
It's float or sink like a stone
That's what I'm told
I'll be a glitch in the code
I'm happy to just breathe, breathe, breathe,
Now that I finally see, see clearly
What's right in front of me
I'm happy to just breathe, breathe, breatheEverybody wants to say things are better than before
I don't miss those dark days anymore
Everybody wants to say things are better than before
I don't miss those dark days anymoreI'm happy to just breathe, breathe, breathe,
Now that I finally see, see clearly
What's right in front of me
I'm happy to just breathe, breathe, breathe
I'm happy to just breathe, breathe, breathe,
Now that I finally see, see clearly
What's right in front of me
I'm happy to just breathe, breathe, breathe
