My Consolation

Silverstein

You left me

Now you come back to me saying it's changed

And we're not the same people we once were

And you beg to be back with me

I can't see anything but youEvery night, I see you there

Everyday, I hate you and everything we once were

You keep saying it's changed and we're not the same

And you beg to be back with me

Now I can't see anythingI won't forget everything that you put us through

Every night, I see you there

Everyday, I hate you

Crying can't carry you back to me
