Get Low

Zedd & Liam Payne

Chained to a love, but that don't mean much
Sensitive tough, don't get enough
I've been drowning in you, lost in the rush
Faded you're stuck, I'll help you upDon't care if you're too loud
Sexy, I want you now
Bet I could take you there
Whisper it in your ear
What do you wanna feel?
Let's just enjoy the thrill
I'll take a breath of air and give you the touch you're missing
Get low, get low
Hands on your waist, let's go
Get low, get low
Girl you got the vibe, I'm up for the climb
Get low, get low
Hands on your waist, let's go
Get low, get low
Girl you got the vibe, I'm up for the climbBeautiful as you are, I wanna light up your dark
Maybe you don't believe in me, it's hard to know what you see in meDon't be quick to say no
My chest is your pillow
Come out of the shadows
I know that you're fragile
Don't care if you're too loud
Sexy, I want you now
Bet I could take you there
Whisper it in your ear
What do you wanna feel?
Let's just enjoy the thrill
I'll take a breath of air and give you the touch you're missingGet low, get low
Hands on your waist, let's go
Get low, get low
Girl you got the vibe, I'm up for the climb
Get low, get low
Hands on your waist, let's go
Get low, get low
Girl you got the vibe, I'm up for the climbI like the way you take me there
I like the way you touch yourself
Don't hold back, I want that
When the water come down, I'ma get in thatGet low, get low

Hands on your waist, let's go
Get low, get low
Girl you got the vibe, I'm up for the climbI'm right here, you know, when your waves explode
Escape the undertow
Know that you've been broken
Know that you've been hoping
Swimming in your ocean
Your new life is floating
The stars are made to shine
Reach up and make a wish
It's a beautiful time, I hope you take a glimpse
With a sound, our love is blowing crazy in the wind
You don't have to pretend
I don't care where you've beenGet low, get low
Hands on your waist, let's go
Get low, get low
Girl you got the vibe, I'm up for the climb
Get low, get low
Hands on your waist, let's go
Get low, get low
Girl you got the vibe, I'm up for the climbI like the way you take me there
I like the way you touch yourself
Don't hold back, I want that
When the water come down, I'ma get in thatGet low, get low
Hands on your waist, let's go
Get low, get low
Girl you got the vibe, I'm up for the climb
Get low
