I Wasn't Ready For You**

Ricochet

I've done my time alone
I finally beat the blues
Heavens above, I was ready for love
Oh but, I wasn't ready for youI crossed some shaky ground
Had some dreams fall through
Thought I was ready for something steady
Oh but, I wasn't ready for youI used to be a boy scout
Thought I knew all about keepin' myself prepared
After all that I'd seen I was ready for anything
Oh but, then I saw you standin' thereTalk about your heavenly blessings
Talk about your dreams come true
I was feeling spiritual and ready for a miracle
Oh but, I wasn't ready for youI used to be a boy scout
Thought I knew all about keepin' myself prepared
After all that I'd seen I was ready for anything
Oh but, then I saw you standin' thereTalkin' about your heavenly blessings
Talkin' about your dreams come true
I was feeling spiritual and ready for a miracle
But I wasn't ready for youI was feeling spiritual and ready for a miracle
Oh, I wasn't ready for youHey, I wasn't ready
