

I Know You Care (DJ Metric & Eric Endress Remix)

[Ellie Goulding](#)

Clinging to me
Like a last breath you would breathe
You were like home to me
I don't recognize the street Please don't close your eyes
Don't know where to look without them
Outside the cars speed by
I never heard them until now I know you care, I know it is always been there
But there is trouble ahead I can feel it
You are just saving yourself when you hide it
Yeah, I know you care
I see it in the way that you stare
As if there was trouble ahead, and you knew it
I'll be saving myself from the ruin
And I know you care I use to run down the stairs, to the door
And I thought you were there
To shape to the comfort of us
Two lovers loved out of love Oh, but I know you care
I know it is always been there
But there is trouble ahead I can feel it
You are just saving yourself when you hide it
Yeah, I know you care
I see it in the way that you stare
As if there was trouble ahead, and you knew it
I'll be saving myself from the ruin I know it wasn't always wrong
But I've never known a winter so cold
Now I don't want my hands in a coat
But I still hope
'Cause this is how things ought to have been
And I know the worst of it wasn't all that it seemed
Why can't I dream?
Do I care to dream? 'Cause I know you care
And I know you care
I know you care
I know you care
I know it's always been there
