My beat forever
4 Ever My Beat, 4 Ever My Beat
4 4 4 4 Ever My4 Ever My Beat, this beat is mine forever
The tempo is slow and the rhymes are clever
Me trade this beat? No, I will never, huh
It gets funky at switch of a leverSome beats are great, this beat is greater
And some are straight, this one is straighter
So get on the floor and forget ya stance
And cruise to the beat that makes you dance4 Ever My Beat, orchestrated as a treble I rate
Havin' all that it takes, make no mistake
Now we're the band wit the clan that rock every fan
Hit the hoop, after school, fuck, hide the mailSo get down, come on and bust a move
Delite, Daddy o and Fru' are out to rule
As you some the fun, who are second to none
So let's meet you, the beat of the drum 4 Ever My Beat a4 Ever My
My, My, My, My, My, My beat forever
4 4 4 4 Ever My
My, My, My, My, My, My beat forever
4 4 4 4 Ever My
My, My, My, My, My, My beat forever4 Ever My Beat, kinda fittin' this beat won't happen
Not even overnight 'cuz we be slappin' the beat
Like a freak, for the rest of the week
And if you front on stage, baby doll, we make sure it ceaseThat you boogie to the sounds of the drums
Stimulated by the sound of my voice, yeah ya ready to cum
Dum du dum, and all that crap
Bring on any rhyme biter, got a T Boy rap4 Ever My Beat, if allowed, I'd play it all year
And if the front was cold, I'd play my beat in the rear
And if the back had a crack, I use my beat like glue
And in the can light beef, I use my beat as stuMy beat is a gem, next to God and the Earth
And all the earthly treasures couldn't measure it's worth
My beats are Lamborghini, being turned as a car
And I eat it like a Ritz eat crackers, y'all My Beat4 Ever My

Beat, beat, beat, beat, beat, beat
 My Beat Forever
 4 Ever My 4 Ever My Beat, for the record, the jam you selected
 That when we projected, erect it, perfected
 All the way live, yes we in full drive
 No jive when I abide, we have a ride With a Stet on the set, us you won't forget
 We're leavin' our marks, but cashin' T-Boy checks
 So reflect on the text, check out what's next
 And groove to the sound, that you is next 4 Ever My Beat, this fashion, beat got glitter
 The bottom of the ninth, it's the home run hitter
 Never standin' still, it's the up and go getter
 Huh, you think I'm frontin' then try to get rid of this Beat, we'll demolish in a single day
 Strike faster than a magazine, ace/deuce tray
 My beat is a death defying feat
 And every mom crack the shell, it's so hard to repeat My Beat a 4 Ever My
 My, My, My, My, My, My beat forever
 4 4 4 4 Ever My
 My, My, My, My, My, My beat forever
 My, My, My, My, My, My beat forever 4 Ever My Beat, when it slides up and down the scale
 You would think my beats are graduate from Harvard or Yale
 Strappin' other beats five on his way to the top
 Havin' radio stations tune 'em up on the charts Rockin' tum tums, snares and timbalee's too
 Playin' wit Batman, Snuffy and Winnie the Pooh
 I do, I catch flu, as my beats boogaluh
 And I never saw my beat drop a beat on the crew My beat for ever, wit this I stand
 As a maker of history, across the land
 All though it's true that I'm a babe in the music, then
 It's a fact on the wax I do exceed in My beats cut rhyme, makin' you unwind
 Prince Paul is droppin' needles, we right on time
 Wit not a trace of disgrace, 'cuz his slick, waste
 And the bass orchestra all in ya face 4 Ever My Beat, sharp fimilatin', hot like fire
 In blood coated, for my peeps desire
 And provide expand to my very last breath
 For that, which is a matter of life and death Camouflage this beat and they'll never get learned
 Simmer dark from the beats you've haired
 Blow in other state, when our rhyme regulates
 It's yellow I oppose, so congratulate, 4 Ever My Beat a 4 Ever My
 Beat, beat, beat, beat, beat, beat
 My Beat Forever, 4 Ever My Beat, Beat
 My Beat Forever, 4 Ever My
