

# Waiting For A Dream

## Rufus Wainwright

Waiting for the present  
For the present to pass  
Waiting for a dream  
To last You are not my lover  
And you never will be  
'Cause you've never done anything  
To hurt me There's a fire in the priory  
And it's ruining this cocktail party  
Yesterday I heard they cloned a baby  
Now can I finally sleep with me? Diving through the rising  
Through the rising waves of night  
Keeping a reflection of you  
In hindsight But in turning back the brackish waters  
Will not reflect you  
After you have turned the color black  
Of death or something like that There's a fire in the priory  
And it's ruining this cocktail party  
Yesterday I heard the plague is coming  
Once again, to find me There's a fire in the priory  
And an ogre in the oval office  
Once again we all will be so broken  
Now can I finally sleep again?
