This Hot

Karyn White

You can't be rocking up in here unless you really mean it,
I hope you'll find what you came from.
He'll be mine since tonight I'm looking, feeling fine
And I'm ready, won't you bagging up a door.My level's whole in me
And this one condition you'll love me, you'll love me, we're making.Let's do it right, we can pun it all night,
With some music in your line.Fairless came up to one on watch,
Right what you see, boy,
When you stand up looking this hot
You see me, you see me leaving.
Up in the club so let's go rock,
Rock the night, oh.
Dropping it round, we make it pop.
I've got you mine, and you've been so unleashed,
I know what your body's calling for.
I'll be your candy girl, you and me along the days go.My level's elevated
And I'm sure that you can take it,
Never know, baby, know,
Do me so well with you.
But I want you, baby, believe that, an achiever.
Don't give that up,
An intention of hot, just in it,
Feelings came up, I wanna watch.
When you step up looking this hot
You see me, you see me leaving.
How come the club is always gonna rock?
Rock on, rock on all night.
Dropping it while we take you right
You know you make it hot.
I'm feeling you, baby,
Feeling you all night long.
Could be with anyone in this world.Shawty, where the party at? You're breathtaking,
Taking me to cardiac, I'm just saying.
She the one, let it down on the floor
Never mind the cold stares.
And you do it like you're supposed to,
How you're supposed to love?
Just come across to,
Hold, don't let me hold you,
I can show you better than the mothers told you.Feelings can't be but one on one,

When you step on looking this hot
You see me, you see me leaving.
How come the club is always gonna rock?
Rock all night, yeah.
Dropping you out, make you hot,
You know we make it hot.
Feelings can't be but one on one,
When you step on looking this hot
You see me, you see me leaving.
How come the club is always gonna rock?
Rock all night, yeah.
Dropping you out, make you hot,
You know we make it hot.
