Somebody Like You

Atomic Kitten

Somebody
Somebody like you
I love the way you groove tonight
I love the way the music's right
There's something in the air that night
Makes me lose my mind
Don't let the night drift away
It's playing on my mind
Don't let it fade away
Into the light
Somebody like you, somebody like me
Should know what to do 'cause we've got the key
Life's what you make it
So go ahead and take it right now
Somebody like you, somebody like me
Should never hold back in what we believe
'Cause life's what you make it
So go ahead and take it right now
Somebody, somebody
I love the way you look at me
Your eyes are filled with mystery
No other place I wanna be
Baby, you're my fantasy
Don't let the night drift away
It's playing on my mind
Don't let it fade away
Into the light
Somebody like you, somebody like me
Should know what to do 'cause we've got the key
Life's what you make it
So go ahead and take it right now
Somebody like you, somebody like me
Should never hold back in what we believe
'Cause life's what you make it
So go ahead and take it right now
Somebody, wants you
Somebody, needs you
There's no need to be alone
Hold on, baby, don't let go

Don't let the night drift away
It's playing on my mind
Don't let it fade away
Into the light
Somebody like you, somebody like me
Should know what to do 'cause we've got the key
Life's what you make it
So go ahead and take it right now
Somebody like you, somebody like me
Should never hold back in what we believe
'Cause life's what you make it
So go ahead and take it right now
Somebody, somebody
Somebody, somebody
