

Just Say So

Brian McFadden

Just say so

Just say so

Just say soJust say so

Just say so

Just say soverse 1.

I see the look disappearing from your eyes, eyes yeah

We complicate things every time we fight, fight yeah

Painting pictures in my mind, mind yeah

All this time I'm being blind, blind

Well I tried so hard but it still goes onchorus.

If you're going to leave me,

don't hesitate, don't believe me

Just say so, just say so

Lovers cant be leaders, they need to scream feelings

They say so, they say soverse 2.

Damn feelings burning my spirit inside, inside yeah

I'm half the man you can barely recognise, recognise

Love can take me for a ride, ride yeah

Turning tables changing times, times

Well I tried so hard but it still goes onchorus

If you're going to leave me,

don't hesitate, don't believe me

Just say so, just say so

Lovers cant be leaders,

they need to scream feelings

They say so, they say soIf you're going to leave me,

don't hesitate, don't believe me

Just say so, just say so

Lovers cant be leaders,

they need to scream feelings

They say so, they say soverse 3.

If you wanna feel like me, be like me yeah, me yea

If you wanna figure out me, be like me yeahchorus.

If you're going to leave me,

don't hesitate, don't believe me

Just say so, just say so

Lovers cant be leaders,

they need to scream feelings

They say so, they say soIf you're going to leave me,

don't hesitate, don't believe me
Just say so, just say so
Lovers cant be leaders,
they need to scream feelings
They say so, they say soJust say so
Just say so
Just say soJust say so
Just say so
Just say so
