

# Bottom Line

## Sugar Blue

Bounce, c'mon, bounce, c'mon  
Bounce, c'mon, bounce, c'mon  
Bounce, c'mon, bounce, c'mon  
Bounce, c'mon, bounce, c'mon  
Rock, we're the heaviest, stop or you're gonna get  
Caught, 'cause we never rest, drop this on ya  
We're the heaviest, you would never wanna  
Talk shit 'cause we come back to haunt ya  
Rock, we're the heaviest, stop or you're gonna get  
Caught, 'cause we never rest, drop this on ya  
We're the heaviest, you would never wanna  
Talk shit 'cause we come back to haunt ya  
I rock heavy like a 70's icon  
Led Zeppelin Stairway to Heaven, my mind's gone  
Even though I only did acid twice  
My rap's a vice, your head's in it ask the price  
For you to be released and me to be happy  
With all of your suffering I'm brutally crafty  
Coming up with the best selections  
To get inside of you like I'm a chest infection  
Your best protection is to get down and drown  
Remember that the members don't clown around  
I'm found downtown with rolls of cash  
My passion is smashing you disposable cats, I'm old fashioned  
With swift abilities to lift and drop  
And ambulant skill plus whip and chop  
I dump on a chump and punk ya assoc ass  
I'm done with rap, now I'm prepared to cash in  
Rock we're the heaviest, stop or you're gonna get  
Caught, 'cause we never rest, drop this on ya  
We're the heaviest, you would never wanna  
Talk shit 'cause we come back to haunt ya  
Rock we're the heaviest, stop or you're gonna get  
Caught, 'cause we never rest, drop this on ya  
We're the heaviest, you would never wanna  
Talk shit 'cause we come back to haunt ya  
Ayo, I'm kick ass thick as a brick you bitch ass  
Quick on the draw I come equipped with a pick axe  
Rock solid, you cock-a-holics, I'm not gon frolic any longer

'Cause my crew's much stronger  
Donkey Kong stomp, Pac-Man chomp  
Attacking competition I'm back in my position  
Pop off with the must stop opposition  
You have to listen 'cause mad division of beauty and grace  
See what I do to your face  
Might be me, might be my friends  
I might need an alibi it all depends  
And I don't give a fuck if you don't like it, suck this  
I'm a small giant, that's trying, dying to find success  
You look upset stupid fuck-head  
I'm locked, stocked, and loaded the most devoted  
I'm a keep bringing the pain 'til your brains exploded  
I'm motivated, voted and rated as one of the greatest  
One of the most loved and hated and still haven't made it, ya know  
Rock we're the heaviest, stop or you're gonna get  
Caught, 'cause we never rest, drop this on ya  
We're the heaviest, you would never wanna  
Talk shit 'cause we come back to haunt ya  
Rock we're the heaviest, stop or you're gonna get  
Caught, 'cause we never rest, drop this on ya  
We're the heaviest, you would never wanna  
Talk shit 'cause we come back to haunt ya  
I'm addicted to speed but not the drug  
I lead by example my breed can hunt  
Seen enough mayhem, step into the A.M  
Weapons of contention for any given occasion  
I attack with Battleaxe Warriors from the armory  
Some of us kill you mentally; some of us hurt you bodily, heavy  
A miracle of modern science  
With the naturally passionate carnivorous diet, heavy  
We're an anomaly, not a novelty  
Enter at your own risk, private property  
Do not trespass, beware of dogs  
Bear traps, alarms, and a right to bare arms  
Where laws ain't applied my jaws homicide  
The water ain't safe whoever said it was lied  
Rock we're the heaviest, stop or you're gonna get  
Caught, 'cause we never rest, drop this on ya  
We're the heaviest, you would never wanna  
Talk shit 'cause we come back to haunt ya  
Rock we're the heaviest, stop or you're gonna get  
Caught, 'cause we never rest, drop this on ya  
We're the heaviest, you would never wanna  
Talk shit 'cause we come back to haunt ya
