

Strangers

Atomic Kitten

Everything you do says that you are leaving me
Everything you say shows you don't believe in me
How was I supposed to know that this was gonna hurt a soul? You and I are strangers in our home
You and I are strangers in our home Everything I feel proves there's nothing left in me
Everything I hear takes away the breath in me
How was I supposed to know this was gonna hurt a soul? You and I are strangers in our home
You and I are strangers in our home How was I supposed to know this was gonna hurt a soul?
This was gonna hurt a soul You and I are strangers in our home
You and I are strangers in our home
You and I are strangers in our home
You and I are strangers in our home
