

# Bullshit

## Dune Rats

Everything you say, is bullshit  
And everything you do, is so sick  
Bullshit  
Everything you say, is bullshit  
In every single way, I like it (Bullshit)  
And everything you do, is so sick (Bullshit)  
It's fun, it's fun, it's fun, it's fun  
But I'm still leavin'  
I'm a little messed up (It might be the drugs)  
I'm a little fucked up (I might need a hug)  
I'm a little messed up (It might be the drugs)  
I'm a little fucked up (I might need a hug)  
You always make it right never fight (It's alright)  
And it's bullshit  
Yeah you never seem to care, always there (never care)  
And I like it (bullshit)  
And then it gets too much (Who gives a fuck)  
It gets so sick (bullshit)  
It's fun, it's fun, it's fun  
But I'm still leavin'  
I'm a little messed up (It might be the drugs)  
I'm a little fucked up (I might need a hug)  
I'm a little messed up (It might be the drugs)  
I'm a little fucked up (I might need a hug)  
Everything you say, is bullshit  
Everything you say, is bullshit  
I'm a little messed up  
I'm a little messed up  
I'm a little messed up  
I'm a little messed up  
(Bullshit)  
(Bullshit)
