

Social Suicide (30 Years Live)

Bad Religion

Right now
Well it's finally time to face my fears
Gonna get the hell out of here
And create a fresher atmosphere
But the consequences clear There's a furnace set on high
And the yearning undefied
But it's time to turn the tide
It's social suicide Like you
Perseverance is a useless tool
Just a patron on a ship of fools
Painting interest in the cast and crew
Why you've broken every single rule There's a furnace set on high
And the yearning undefied
But it's time to turn the tide
It's social suicide Shadows entertain me
I don't want it masses
Shadows explain their known reactions
I don't even know if I can ever find truth
But I'm sure it won't come from far away There's a furnace set on high
And the yearning undefied
But it's time to turn the tide
It's social suicide
