

Heavy Soul

The Black Keys

Hear her calling, come to me
Thought of her won't let me be
Go to the valley, climb the hill
Whatever it takes darling, you know I willHey now darling
Heavy soul darling
Heavy soul darling
Heavy soul darling
Heavy soul darlingHear her callin', hurry home
Been so long since I been gone
I won't get tired, won't go astray
I hear her callin', call my nameHey now darling
Heavy soul darling
Heavy soul darling
Heavy soul darling
Heavy soulJust my color, just my kind
Got a heavy soul next to mine
Heart's on fire, get no sleep
Drive all night, no reliefYeah, now darling
Heavy soul darling
Heavy soul darling
Heavy soul darling
Heavy soul darling
Heavy soul
