She take her time fi put on her make-up  
Cuz tonight she plans to wine and dine...

She slips into her little black dress  
And puts on a fragrance, thats so devine...

But there's one wrong thing bout this picture

Cuz this girls belongs to me....

But she goes out every friday  
Just so she can scope the scene

And the way she carries herself is the  
WAY Single ladies do

All this time i've been loving her  
and she's been

Playin me like a fool

Play me like a fool

Chorus (repeat x2);

Yi Come women why you haffi lead me on girl

Did so much and you,  
Play me like a fool

Then you turn around you love somebody else, yeah.  
You play me like a fool  
Play me like a fool

(repeat 2x)

Oh why? Oh why?  
Play me Like a fool

(Break)

For Some time, i've been searchin for a girl to fit my need  
And the way you're going girl i think you're out of my league

Through all the days, and the nights  
Right by your side  
BABY  
Through all the pain, and the fuss  
You lost my trust

You're just to scandalous (scanda lo o us)

Chorus (2x);

Yi Come woman why you haffi lead me on girl

Did so much and you,  
Play me like a fool

Then you turn around you love somebody else, yeah  
You play me like a fool
