

# Vancouver Shakedown

## Nazareth

We only came here to play rock 'n' roll  
Share some times with some people we know  
    Drink some wine, give us some time  
    We ain't no wise boys we ain't no fools  
We tried to play clean and keep to the rules  
    We take and we give, just playin' our gig  
    But we got laid over, ya we was done over  
    Somebody tell us, what's goin' down  
Don't need another, Vancouver shakedown  
    Six miles high, six miles along  
Chasin' the sun, we've come to sing you a song  
Deliver our goods, we're just rock 'n' roll dudes  
    All these behind us, and one more to go  
    Fly to Vancouver, to do the last show  
It's got to be good, like we know that it should  
    But we got laid over, ya we was done over  
    Somebody tell us, what's goin' down  
Don't need another, Vancouver shakedown  
    Vancouver shakedown  
    Vancouver shakedown  
We only came here to play rock 'n' roll  
Share some times with some people we know  
    Drink some wine, give us some time  
    But we got laid over, ya we was done over  
    Somebody tell us, what's goin' down  
Don't need another, Vancouver shakedown  
    Vancouver shakedown  
    Vancouver shakedown  
    Vancouver shakedown
