

It's Real

James Ingram

I woo woo the feelin' real, hey hey
Talkin' about the feelin' ooOIt's real, real, real, real
It's real, real, real, real
It's real, real, real, real
It's real, real, real, realGirl I see your body dancing on the floor
The funk is really thumping, makes you want some more
All night long I've been waiting to get to you
I had to wait 'til they stopped this groove
You know it's true
It makes you move
It snaps your fingers to the groove
The time is right, it makes you want to dance all night Baby
It's real, real, real, real
It's real, real, real, real
Baby It's real, real, real, real
Oh It's real, real, real, realAll the fly girls and all the fly guys
Rockin' to the music 'cause the beat is live
The music is so sweet, the beat is from the street
You know you know what's the deal
Baby you know it's true
It makes you move
It snaps your fingers to the groove
The time is right, it makes you want to dance all night BabyIt's real, real, real, real
Sooo It's real, real, real, real
Baby It's real, real, real, real
Soooo real, real, real, real
Baby it's real oh
It's real, real, real, real
It's real, real, real, real
Baby It's real, real, real, real
Oh It's real, real, real, realreal real real real
baby it's real
