

# A Perfect Love

**Frankie Avalon**

Lover, take your heart out of cover  
Let me help you discover a perfect love  
Look high, there's a bright in the blue sky  
Don't you know that you can't buy a perfect love? Darling, I can promise you always  
That your future in all ways will be shiny and bright Don't hide, let the sunshine be inside  
Let your hopes be at high tide and far above  
Lover, take your heart out of cover  
Let me help you discover a perfect love Lover, take your heart out of cover  
Let me help you discover a perfect love
