Now That I've Found You

Liam Gallagher

I'll take an ocean in my stride
Steal the stars in each her eyes
To your door
And time builds a bridge through our bloodlines
From the roots, we'll watch love rise
Heaven knows how it goesNow that I found you
Now that I found you
I won't let go
Let my arms surround you
Now that I found you
I can lay down with my ghostNow that I found you, don't go
Don't go
I'll be brash that breaks your fall
If you need me, make the call
I'll be there
And I know it's late for lullabies
But the future yours and mine
Now and forevermoreNow that I found you
Now that I found you
I won't let go
Let my arms surround you
Now that I found you
I can lay down with my ghost(Ooh-ooh-ooh)
Now that I found you, don't go
Don't go
(Ooh-ooh-ooh)
Now that I found you
Now that I found you
I won't let go
Let my arms surround you (Ooh-ooh-ooh)
Now that I found you
I can lay down with my ghost(Ooh-ooh-ooh)
Now that I found you, don't go
