

# Cold Blood

## KIX

Cruisin' downtown  
Shakin' her love  
T and A talkin' to me  
Felt my heart drop  
Wheeled a dead stop  
Girl has got me on my knees  
Baby baby babe don't make me wonder  
Won't you let me in  
She said see you later  
Shot down  
I'll be back again Good love is all you need  
But you don't want to know  
Cold blood is all you bleed  
When it cools off you tease it  
When it gets hot you freeze it  
Cold blood is all you bleed Dresses so tight  
Moving to the beat  
Set my feet on fire  
Dream come true I want to give it to you  
Let the flame get higher  
Baby baby you're driving me crazy  
Like a cat in a cage  
You make me sh-sh-sh-shiver earthquake  
Down town to the blaze Good love is all you need  
Give me what I know  
Cold blood is all you bleed  
When it cools off - you tease it  
When it gets hot - you freeze it  
Cold blood is all you bleed You make me so hot  
I feel my temperature rise  
Don't shoot me down No When it cools off you tease it  
When it gets hot you freeze it  
Cold blood is all you bleed Cold blood is all you bleed  
Cold blood is all you bleed  
Cold blood is all you bleed
