

No One Else Will Do

Far Corporation

Music & Lyrics: Bobby Kimball/Sheetfire Music

I know that someone, out there somewhere
Waits for me
Shy, but I don't care, love's where
I wanna be
Take my hand, these are the arms that
wait for you
You know, no one else will do

You can try, runnin' blindly
I know you'll see, I'm the one
Take it high, till you finally
Know I'd follow you girl. To the sun
Even beyond, these are the arms
that wait for you
You know, no one else will do

No one, I said no one
No one else will do
No one, no, no, no one

I know that someone, out there somewhere
Waits for me
Shy, but I don't care, love's where
I wanna be
Take my hand, these are the arms that
wait for you
You know, no one else will do

No one, No, no, no one
No one, no one else will do
No one,..Oh! No one

Background Vocals on ending:

No one, No, no, no one
No one, no one else will do
No one, No, no, no one
No one, no one else will do
