

Work Out Better

Rusty

Save her, please don't let her down
I love her, please don't let her down
Hold her, the pressure gets her down
I told her, you can't let it get you down
Things will work out Betty, but you are gonna have to try
Things will work out Betty, but you are gonna have to try
Free her, she can't think for herself
Help her, she can't think for herself
Things will work out Betty, but you are gonna have to try
Things will work out Betty, but you are gonna have to try
Things will work out Betty, but you are gonna have to try
Things will work out Betty, but you are gonna have to try
