See The Light

Green Day

Well I crossed the river
Fell into the sea
Where the non-believers
Go beyond beliefThen I scratched the surface
In the mouth of hell
Running out of service
In the blood I fellWell I, I just want to see the light
And I, I don't want to lose my sight
Well I, I just want to see the light
And I need to know what's worth the fightI've been wasted
Pills and alcohol
And I've been chasing
Down the pool hallsThen I drank the water
From a hurricane
And I set a fire
Just to see the flameWell I, I just want to see the light
And I, I don't want to lose my sight
Well I, I just want to see the light
And I need to know what's worth the fightWell I crossed the desert
Reaching higher ground
Then I pound the pavement
To take the liars downBut it's gone forever
But never too late
Where then ever after
Is in the hands of fateWell I, I just want to see the light
And I, I don't want to lose my sight
Well I, I just want to see the light
And I need to know what's worth the fight
