

# Devil House

## SHONEN KNIFE

It was very dark from a sudden thunderstorm  
Two of went on a romantic drive  
We lost our way and we got wet in the rain  
Finally found our way to the Devil houseTime warp, time trip  
Time warp, time tripIt was a Devil house, I saw it once on TV  
It was a Devil house and it was very scary  
Devil house, Devil house  
Devil house, Devil houseIm so scared, she said with her shaking lips  
Please come inside, said a butler with a funny look  
The hands of the clock kept turning all around and round  
Down the hall there was a square dance partyTime warp, time trip  
Time warp, time tripIt was a Devil house, I saw it once on TV  
Just as Devil house but it was very very scary  
Devil house, Devil house  
Devil house, Devil house
