

Glow (Radio Edit)

Madcon

My heart, it beats to your song
A melody sent from God
I can't breathe when you're gone
Yes I'm deeply in love (Be my valentine)
Every single day of my life (My heart is sacrificed)
Night and day, day and night

Today's the day (Tonight's the night)
I know you feelin' my sound (I'm a make you clap)
'Cause today's the day (Tonight's the night)
I'm a lay it down (I'm a lay it down)
I'm a get up so I can't get down (I'm a)
Hear me roar, hear my thunder sound (I'm a, I'm a)
I'm the lord of the underground (I'm a, I'm a)
Part of the jungle (I'm a, I'm a, I'm a, I'm a)

Let's glow (Hands high, hands high)
I can't wait, I can't wait to see ya
Glow (Hands high, hands high)
Round the world, round the world my people
Glow, glow (Hands high, hands high)
I can't wait, I can't wait to see ya
Glow, (Hands high, hands high)
Round the world, round the world my people, glow

Let us share this moment,
Let's enjoy this night,
Get the world connected,
Though you one of a kind,

See we try to reach out,
Get the world to see,
Though we all feel different,
You are just like me,

Today's the day (Tonight's the night)
I know you feelin' my sound (I'm a make you clap)
'Cause today's the day (Tonight's the night)
I'm a lay it down (I'm a lay it down)
I'm a get up so I can't get down (I'm a)

Hear me roar, hear my thunder sound (I'm a, I'm a)
I'm the lord of the underground (I'm a, I'm a)
Part of the jungle (I'm a, I'm a, I'm a, I'm a)

Let's glow (Hands high, hands high)
I can't wait, I can't wait to see ya
Glow (Hands high, hands high)
Round the world, round the world my people
Glow, glow (Hands high, hands high)
I can't wait, I can't wait to see ya
Glow, (Hands high, hands high)
Round the world, round the world my people, glow

We free, and you so light
Let me see you glow throughout the night,
'Cause I wanna dance (dance, dance)
Yes I wanna dance, (dance) tonight!

Now put your hands high, hands high!
All the people like this go
Hands high, hands high!
And I'm telling you wave your
Hands high, hands high!
All around the world, put your
Hands high!
Just put your hands high!
I'm a, I'm a, I'm a, I'm a

Glow

Let's glow (Hands high, hands high)
I can't wait, I can't wait to see ya
Glow (Hands high, hands high)
Round the world, round the world my people
Glow, glow (Hands high, hands high)
I can't wait, I can't wait to see ya
Glow, (Hands high, hands high)
Round the world, round the world my people, glow

Let's glow (Hands high, hands high)
I can't wait, I can't wait to see ya
Glow
Round the world, round the world my people
Glow, glow (Hands high, hands high)
I can't wait, I can't wait to see ya
Glow,

Round the world, Round the world my people, glow

Let's glow (Hands high, hands high)
I can't wait, I can't wait to see ya (I'll be there)

Glow

Round the world, round the world my people

Glow, glow (Hands high, hands high)

I can't wait, I can't wait to see ya

Glow,

Round the world, round the world my people, glow

Hands high! Hands high, jump!

Hands high! Hands high, jump!

Hands high! Hands high, jump!

Hands high! Hands high, jump!
