

Bottle Living (Tomcraft Vocal Mix)

Dave Gahan

He's like a king without a crown
He wears it like a clown
Watch him disappear
I wish he would come down So, call before you drown
I won't always be around
Living for the bottle
He's living for the bottle He's a ship without a sail
He's not listening when you speak
Living for the bottle
He'll be sitting there all week So, call before you drown
I won't always be around
Living for the bottle
He's living for the bottle, yeah There's no light on in his eyes
How heavy are the lies
Just jumped right out his skin
He'll take you for a ride Living for the bottle
He's living for the bottle
So, call before you drown
I won't always be around He's a dog without a bite
Still looking for a fight
All in black
He won't be home tonight Yeah, there's no light on in his eyes
How heavy are the lies
Just jumped right out his skin
He'll take you for a ride Living for the bottle
He's living for the bottle
I won't always be around
So, call before you drown
