

You Drive Me Insane

Taylor Hawkins & The Coattail Riders

You drive me insane but I like it
I like it like that
I don't need a sign 'cause I see it
When I look into your eyes I can't explain but it feels good
Feels good to me
You drive me insane but I like it
I like it like that This don't mean nothin'
Why does it tear you apart?
This don't mean nothin'
Why is it breaking your heart? Don't analyze, sometimes
Leave it alone
Don't ask me why 'cause there's no way
No way to describe You drive me insane This don't mean nothin'
Why does it tear you apart?
This don't mean nothin'
Why is it breaking your heart? This don't mean nothin'
Why does it tear you apart?
This don't mean nothin'
Why is it breaking your heart? This don't mean nothin'
Why does it tear you apart?
This don't mean nothin'
Why is it breaking your heart?
