

Neverwhere

At the Gates

Dark horizon, darkest sky
No light is present
Freezing winds of lands unamiable
Haunts the wastes of nerewhereLife doesn't belong hereLimitless, unmeasurable - time is not
As the end so is the beginning
Always was, always will be
This is where the journey ends
This is what no one returned to tellNeverwhereLife doesn't belong hereDark thoughts, darkest mind
No light is present
I now put aside my crown of thorns
Time has come to join externity
And rest my eyes on a darker shade of colourEager to be erased
Innumerable stare behind frozen eyes
Wanderers strayed from eternity's path
Longed for to come, to rest at lastLimitless, unmeasurable - time is not
As the end so is the beginning
Always was, always will be
This is where the journey ends
This is what no one returned to tellDimensions warped in times of motionless storm
Now frozen worlds collide
As the womb of cold opens wide
Childhood has passed
Now birth will come of ages dreamed of by none
Now awaited, the circle to close
We wait for the call, lazarus come outNow awaited, the circle to close
We wait for the call - lazarus come out
We wait in the shadows of neverwhere
