Hurry

The Starting Line

I wrote a note to my future ghost
Quoting words I've spoke
And that I meant only half the time
Now I only speak between grinding teeth
And my constant sleep
Cause that's the pace that I've got to go

So run along cause you had best be on your way

[Chorus]
Don't worry just hurry
Cause you have got a lot to lose here
But I'm catching up on that lost sleep
Do I have a lot to lose

I am a man with my task at hand
And my swollen glands
And just a couple of days to go
Until I'm on a stage

With my voice and bass
And all my choices made
And all the places I've got to go

So run along cause you had best be on your way

[Chorus x2]

So run along cause you had best be on your way
Well run along cause you had best be on your way
Well hey hey hey

[Chorus x2]
