Party Like This

Prophets and Outlaws

The suns goin down and the moons risin up Its time to get a little loose. Tired of feeling stuck in a rut, letâ€™s find something fun to do. Donâ€™t want to drive real far and head to a bar just to wait 10 minutes for a drink. Iâ€™ll get th kegs, invite the long legs, yeah wadda you think. So call your friends and let em know the party starts here and we donâ€™t close. Come on in, aint no fee, head to the back and grab yourself a cup. Actin wild and feelin free, tonight thereâ€™s nothing better than being us. When the morning comes youâ€™ll wish you were here, cause you ain seen a party like this all year. The musics up loud, thereâ€™s tables all around so play what you wanna play. Take one shot and pass it round, thatâ€™s the texas way. Thereâ€™s wild bill comin over the hill with his (safe?) as she call mic. People on stage just dancin away, while Danny works that spotlight. The bands gonna play all your favorite songs and they aint leavin til the sun breaks dawn. Come on in, aint no fee, head to the back and grab yourself a cup. Actin wild and feelin free, tonight thereâ€™s nothing better than being us. When the morning comes youâ€™ll wis you were here, cause you aint seen a party like this all year. (Instrumental) So come on in, aint no fee, head to the back and grab yourself a cup. Actin wild and feelin free, tonight thereâ€™s nothing better than being us. When the morning comes youâ€™ll wish you were here, cause you aint seen a party like this all year.
