## Warhol

Listen!

Just breathe

And take this noise with you

I'm so bored, tired, young and pretty

I'm just like you

Get out!

God is living on the cover of a magazine

They say "you're right! ok!"

We need Fame to forgive our sins

We live on the cover of a maga.....zine

Life is vanity

Reality or sin?

We live in a magazine

Life is vanity

Reality or dream?

We live in a magazine"There's no time...it's show time"

Dura lex sed lex

At what time is war tonight?

Fame! Fame!

Kill! Kill!

Another life

Another hero

Sweet life let me see...

God is living on a cover of a magazine

They say "you're right! ok!"

Andy Warhol having a party

On a Copacabana beach

I'm a maga...Zine

Life is vanity

Reality or sin?

We live in a magazine

Life is vanity

Reality or dream?

We live in a magazineFame!

Hidden tears flow over your lips

Fame!

Delivering things you are not looking for

ah! ah!

"i wanna be someone else"

ah! ah!ah! ah!ah!

It's another contraddition!now the world is disappearing in me and now the world is disappearing in you

Join the hall of Fame

to fade out faster!

Join the hall Fame

to fade out faster!

enjoy the hall of Fame...

and now the world is disappearing in me...
