Black Earth

Eldest 11

You kept good form.
and you're my black earth!
You swallow everything.
Angels cry...the eyes lie....Hey pretty girl!
How you feel?
My black earth!
Love the way the capillaries burst.
Up in flames.....when you move.
Hey pretty girl!
How you feel?
Can't gauge anything from him...
The way the capillaries burst, under skin.
She is the black earth.
Show the true reflections within.The open air.
It's hard to gauge when you're out there.
and you're alone.....
You can't gauge him, no way to talk him down.Hey pretty girl!
How you feel?
My black earth!
Love the way the capillaries burst.
Up in flames.....when you move.
Hey pretty girl!
How you feel?
Can't gauge anything from him...
The way the capillaries burst, under skin.
She is the black earth.
Show the true reflections within.I tried to give you everything. Never thought it would be like this.
I tried my hardest to keep in the sin. Not much further you got to go....
I couldn't change. You're in the door way.
Do you want any memories? You're such a fucking pain.
I couldn't change. You're in the door way.
Do you want any memories? You're such a fucking pain.My Black Earth, Black Earth....Hey pretty girl!
How you feel?
My black earth!
Love the way the capillaries burst.
Up in flames.....when you move.
Hey pretty girl!
How you feel?
Can't gauge anything from him...

The way the capillaries burst, under skin.
She is the black earth.
Show the true reflections within.
