# Temptation

## Joan Armatrading

Temptation drags you down
Takes you where you wanna be
But deep inside you know
The reason for the fearFear of letting go, fear of being so
Possessed all the time
Being hypnotized
By those evil, evil eyesLead me not into temptation
Temptation, temptation
Temptation, temptation
TemptationParalyze the thought
Beat them to the ground
Offer up a sacrifice
Don't feed the fearFear of letting go, the fear of being so
Possessed all the time
Being hypnotized
By those evil, evil eyesLead me not into temptation
Temptation, temptation
Temptation, temptation
TemptationNowhere to run
Nowhere to hide
It offers everything
That you could possibly needNowhere to run
Nowhere to hide
It all looks so inviting
Till it drags you to your kneesTemptation, temptation
Temptation, temptation
Temptation, temptationNowhere to run
Nowhere to hide
Nowhere to run
Nowhere to hideTemptation
