## Violent Femmes

Hello

This gordon of the violent femmes and i've just been locked inside  
My house

So I can't go out and get my bus and stuff and get up there by one 'clock. i'll...someone's coming over to rescue  
me so... it wasn't my fault

My parents had locked me in  
So i'll get there whenever I can

Maybe i'll try calling victor at his house or something like that  
O. k., ah bye
