

I'll Be All Right

Weaselhead

they looked at me kinda strange
they looked at me kinda weird
they looked at my pants
they looked at my aunt
and then they turned away

she never really had a chance
she never really got to dance
she made the wrong choices
and heard all the voices
they never went away

and I
Iâ€™ll be all right
tonight
Iâ€™ll be all right

so they look at me kinda strange
they look at me kinda weird
they look at my pants
they look at my aunt
and then they walk away

they didnâ€™t really want to find
her future was undermined
they started the rain
that drove her insane
and left her in the dark

but I
Iâ€™ll be all right
tonight
Iâ€™ll be all right

and get yourself together
get your curly locks far away
and when youâ€™re leaving here
when you walk away
donâ€™t be sad

â€˜cause I
Iâ€™ll be all right
tonight
Iâ€™ll be all right
