Vultures

John Mayer Trio

Some of us, we're hardly ever here
The rest of us, we're born to disappear
How do I stop myself from bein' just a number
How do I hold my head to keep from goin' underDown to the wire
I wanted water but I'll walk through the fire
If this is what it takes to take me even higher
Then I'll come through like I do when the world keeps
Testing me, testing me, testing meHow did they find me here? What do they want from me?
All of these vultures hangin' right outside my door
I hear them whisperin', they're tryin' to ride it out
'Cause they've never gone this long without a kill beforeDown to the wire
I wanted water but I'll walk through the fire
If this is what it takes to take me even higher
Then I'll come through like I do when the world keeps
Testing me, testing me, testing meWheels up, I got to leave this evening
Can't seem to shake these vultures off of my trail
Powers is made, by power being taken
So I keep on running to protect my situationDown to the wire
I wanted water but I'll walk through the fire
If this is what it takes to take me even higher
Then I'll come through like I do when the world keeps
Testing me, testing meWhatcha gonna do about it?
Whatcha gonna do about it?
Whatcha gonna do about it?
