Blazing Fire

Derrick Morgan

hey
you say that jah walk a blazing fire
but my people won't watch the other
they were all sung by you
and now we act
you said it Jah walk a burning fire
you said it i am a blackhead shiny
but when i were with you
i was like
live and let others live and your days will be much longer
you said it jah walk a blazing fire

you said it i am a blackhead shiny
but still and know i'm your superior
time is longer than rope
and time no catchin up on you
you said it jah walk a blazing fire
