Here we go! here we go! here we go yoo!!

Here we go yoo!! here we go yoo!!

Here we go! here we go! Call me dirty Dirty, but I shine so clean

Push birdy birdies, now I got a new scene

Me and Timmy T dropping out a limousine

While the girls fix they lipsticks, zipping their blue jeans

We sippin that blue thing, but it feels so good

I shouldn't have another, but I thank I would

My location, conversation, relation that made me hood

The rotation of my records every second made me good

I ain't trying to have relations, Dirt trying to wood

Strong penetration, it hurts when it's good

Should I - choose you or your girl? I choose both

Call Timmy and enforce my nigga, it's time to go[Chorus]O-kay, what we have here me the middle of the club

All my killas in the rear, tec is sealed

I ain't fear, we jump up in the Caddy let's peel

I know you feel excited right beside me baby chill, okay?

You play it right everything be straight

Playa haters get jaw broke

And I supply slips of bacon drive the block hot, we hate cops!

I'm the Hot Sauce in your Hip-Hop

So 'Up Jumps Tha Boogie' that bang bitch, it don't stop

Hot damn me, y'all can't handle me

I'm the first to drop the hits like DJ Caddy, YEEE!!.[Chorus][Bridge]

Your hips, your thighs, you make me wanna ride I say

Your hips, your thighs, you make me wanna ride I'm saying

STOMP! and grind, STOMP! and grind, you hear me?!?!?

STOMP! and grind, STOMP! and grind, I say

That dank, this drink, it's got me feeling high I say  
That dank, this drink, it's got me feeling high I'm saying  
Sip baby - sip, sip baby - sip, I'm saying  
Sip baby - sip, sip baby - sip[Verse]
