## A Kiss Could Be Deadly

You burn me out  
and i think I've had enough of it  
you bring me down  
and its all my fault for blaming you

(verse 1)

another chance, ive bet you wasted  
a stupid line, and it erased the first good thing about you  
gonna need a night without you  
another phrase, another repeat  
punctuated by the rhythm of your heartbeat  
one word, overrated  
im so sick of your implications

(bridge)

stop wastin' my time, wastin' my night  
wastin' my everything you touch  
stop wastin' my, wastin' my life

(chorus)

you burn me out  
and i think I've had enough of it  
you bring me down  
and its all my fault  
you burn me out  
and I think I've had enough of it  
you bring me down  
and its all my fault for blaming you

(verse 2)

another sigh, you dont impress me  
the perfect lie  
perfect unless we  
wake up in the morning  
and forget all the cover stories  
another chance with your obsession  
so out of vogue  
a loaded question  
always ruins the moment

typical and i know you know it

(repeat bridge)

(repeat chorus)
