

# Fire Pit (feat. Wartime)

## The Cauldron Project

Knuckle up motherfucker, what is this?  
I hold a microphone like I own this business.  
I'm the big bad wolf on the block  
Neighbourhood watch  
...  
Hear your doors lock.  
I'm spitting deadly venom at 'me with a faster pace  
Pull a fucking body out a casket  
I'm a basket case
