Grey

EXES

i thought i was alone
too lost to find a home
in someone else
with someone else

you've opened up my soul
set fire to my bones
and i can tell
you know me well

you got me head over heels
and i love how it feels
you're the one i wanna stay with
you're the one i wanna grey with
and i'm safe by your side
when you kiss me goodnight
you're the one i wanna lay with
you're the one i wanna grey with

you're the one i wanna lay with
you're the one i wanna grey with

let's stay in bed all day
with you it's not a waste
i'll breathe you in
i'll breathe you in

with stars inside my eyes
i'll sing for you tonight
and every night
for the rest of my life

you got me head over heels
and i love how it feels
you're the one i wanna stay with
you're the one i wanna grey with
and i'm safe by your side
when you kiss me goodnight
you're the one i wanna lay with

you're the one i wanna grey with

let's grow old together
we could talk about the time
that we told each other
we'd end up here side by side

you got me head over heels
and i love how it feels
you're the one i wanna stay with
you're the one i wanna grey with
you got me head over heels
and i love how it feels
you're the one i wanna stay with
you're the one i wanna grey with
and i'm safe by your side
when you kiss me goodnight
you're the one i wanna lay with
you're the one i wanna grey with
