

Swing

Tabitha's Secret

Still don't mean nothin'
Was written on the concrete
The words weren't on my tongue
'Cause we don't talk about it Day or no evenin'
Fashion or superman
Just little warped people
With little black minds Well, I wasn't sure
Just what to think
Say the lights went out
Somebody, somebody swing Don't wanna
Don't wanna talk anymore
Somebody swing
Don't wanna talk, no, no What if we're tainted?
Who can we lie to?
What if we're dying?
Would you just walk around it? Well, I wasn't sure
Just what to think
Say the lights went out
Somebody, somebody swing Don't wanna, don't wanna talk anymore
Bring boy, can you bring me down
Can you swing?
Don't wanna, don't wanna talk anymore Shut your violence
Keep your head down
Watch your anger boy
Realize you could lose This is violence, look for reason
This don't have to make sense
To anybody at all
Then everybody, won't you swing? No, still don't mean nothin'
Words written all over the concrete
All over the concrete
Rage gets you out, so you swing Don't wanna, don't wanna talk anymore
Bring boy, can you bring me down
Can you swing?
Don't wanna, don't wanna talk anymore I don't wanna talk, no, no, no, no
Can you swing? Don't wanna, don't wanna talk anymore
Bring boy, can you bring me down
Can you swing?
Don't wanna, don't wanna talk anymore
