

# Bumpy Ride

## Smokin' Joe Kubek

Love it when you let go  
Love it when you let go  
Love it when you let go  
When you let go, let go  
How does it feel  
To spit out sunny skies?  
And do you believe it's for real  
That you've always got it right?  
When the words you had explode  
And you swallow them up whole  
No you gotta let go, let go  
You'll love it when you let go, let go, let go  
It's gonna be a bumpy ride  
But it sure beats standing still  
I know we can work it out  
And I've no doubt that we will  
When it hurts more than it shows  
It's not the easiest of roads  
No, it's never black and white  
And you can keep your happy life  
Isn't it hard  
Making it look so easy?  
And you can never drop your guard  
'Cause you're afraid of what you'll see  
When the words to that affect  
Have no effect on you at all  
But you gotta let go, let go  
You'll love it when you let go, let go, let go  
It's gonna be a bumpy ride  
But it sure beats standing still  
I know we can work it out  
And I've no doubt that we will  
When it hurts more than it shows  
It's not the easiest of roads  
No, it's never black and white  
And you can keep your happy life  
If only you could let go  
You'd love it if you let go  
Ooh, if only you could let go

If only you could let go, let go, let it go

It's gonna be a bumpy ride

But it sure beats standing still

I know we can work it out

And I've no doubt that we will

When it hurts more than it shows

It's not the easiest of roads

No, it's never black and white

And you can keep your happy life

It's gonna be a bumpy ride

But it sure beats standing still

I know we can work it out

And I've no doubt that we will

When it hurts more than it shows

It's not the easiest of roads

No, it's never black and white

And you can keep your happy life

Love it when you let go

Love it when you let go

If only you could let go

And only you could let go

If only you could let go
