## Rarity

I want consciousness  
Thinking straight again is my only goal right now  
Clarity in my head, fuck this tunnel vision  
I can't see on my end anyhowBut when I flicked the switch, my mind hit the black  
As my head hit the ground, it all really set in  
I don't want to fade out  
I won't fade outI've been a bit of a curse to who I needed to be (I'm losing sleep)  
A perfect picture of me and who I used to see (Full of self-deceit)I need clearer thoughts  
A perfect picture is easier taken from scratch  
A fire inside, I can no longer hide  
I get burned every time (Light the match)  
I've been a bit of a curse to who I needed to be (I'm losing sleep)  
A perfect picture of me and who I used to see (Full of self-deceit)  
All the words that I said; don't let them go to your head (It was time well spent)  
All the pity you never meantLeave me alone in my room  
I'm better off with thoughts of you  
I'll smoke 'til I am someone new  
I'll be at ease when I'm through  
A change of pace is what I'm after  
I'm so devoid of laughterLeave me alone in my room  
I'm better off with thoughts of you  
I'll smoke 'til I am someone new  
I'll be at ease when I'm through  
A change of pace is what I'm after  
I'm so devoid of laughter  
I've been a bit of a curse to who I needed to be (I'm losing sleep)  
A perfect picture of me and who I used to see (Full of self-deceit)  
All the words that I said; don't let them go to your head (It was time well spent)  
All the pity you never meantI don't want to fade out  
I won't fade out
