Grind

Jadakiss

Now we shinin' hard just like we wanna do
Grindin' day and night so we can kick off our shoes
And live a glamorous life, look what we made it too
We some real life bosses, got 'em lookin' at you
We grind hard, oh, to play harder, oh
We touch the stars, oh, that's what they call us, oh
We grind hard, oh, to buy the mall up, oh
We grind hard, oh, to play harder, harder
Yo, 24/7, 365
if we ain't breaking them down Then we letting them fly
no, never I, always we
I came in the game dividing the pies by three
Then we got famished so we set standards
Very similar to the ten crack commandments
Some couldn't take it, others got lost and couldn't make it
We wanted to floss but couldn't fake it
The hood embraced it, the rest is basic
No need to rush, be extra patient
The new 4 door Porsche is extra spacious
Same entourage, no extra faces
Hands down the best, no explanations
And to the top is the next destination
And there ain't no time outs
Death is the only time we gon' sign out
So we gon' grind out
Now we shinin' hard just like we wanna do
Grindin' day and night so we can kick off our shoes
And live a glamorous life, look what we made it too
We some real life bosses, got 'em lookin' at you
We grind hard, oh, to play harder, oh
We touch the stars, oh, that's what they call us, oh
We grind hard, oh, to buy the mall up, oh
We grind hard, oh, to play harder, harder
Yo, top 5 dead or alive's what they consider 'em
Soon as them things come in we get rid of 'em
More money, more problems, gotta live with 'em
Only thing they care about is what you givin' them

Not the energy that you wasted in the game

Or the tears that trickle down your face from the pain
The time your jaw cracked you wasted the cane
Had to do two shifts to make it the same
That all changed soon as you tasted the fame
And it was all worth it after you made you a name
Thanks to our Heavenly Father
We fly on the jet now instead of the charter
Leave a nice tip in the front for the gardener
Do a lot of listenin' so we stay smarter
Everybody's a hero when they get scarred up
It's my ball, check it up, y'all better guard up, let's go
Now we shinin' hard just like we wanna do
Grindin' day and night so we can kick off our shoes
And live a glamorous life, look what we made it too
We some real life bosses, got 'em lookin' at you
We grind hard, oh, to play harder, oh
We touch the stars, oh, that's what they call us, oh
We grind hard, oh, to buy the mall up, oh
We grind hard, oh, to play harder, harder
When we stepped out of the car
The whole damn world's lookin' at us
'Cause they knew what's wrong before
Now we ain't hurt no more
You can bring me the bill, I'll sign my name
Now we're flyin' private planes and such
Lookin' like a million bucks
You can't tell me nothin'
Now we shinin' hard just like we wanna do
Grindin' day and night so we can kick off our shoes
And live a glamorous life, look what we made it too
We some real life bosses, got 'em lookin' at you
We grind hard, oh, to play harder, oh
We touch the stars, oh, that's what they call us, oh
We grind hard, oh, to buy the mall up, oh
We grind hard, oh, to play harder, harder
