

I Know

Ginuwine

I caught your eye looking my way
But you seem so shy
Don't be scared, I won't hurt you
And darlin' that's no lie But believe I can give things to you
You never ever dreamed
I won't give up till you posses
In life the finer things I know, know what you do want
Honey, stop the fakin'
Come on and get with me, baby, drive me crazy
Feel me, hold me, love me, squeeze me I know, know what you do want
Honey, stop the fakin'
Come on and get with me, baby, drive me crazy
Feel me, hold me, love me, squeeze me With you it seems to be to me
You want, but you've been hurt
I lived those days just so you know
I want just one and only one Playin' the field seems foul to me
If you have love to give
In life there is no time to waste
And that's not the way to live I know, know what you do want
Honey, stop the fakin'
Come on and get with me, baby, drive me crazy
Feel me, hold me, love me, squeeze me I know, know what you do want
Honey, stop the fakin'
Come on and get with me, baby, drive me crazy
Feel me, hold me, love me, squeeze me Be my lady, I'll never treat you wrong
Drive my Mercedes, all that I have, you can own
You're so precious, you're my queen
You're my baby, you're my baby I know, know what you do want
Honey, stop the fakin'
Come on and get with me, baby, drive me crazy
Feel me, hold me, love me, squeeze me I know, know what you do want
Honey, stop the fakin'
Come on and get with me, baby, drive me crazy
Feel me, hold me, love me, squeeze me I know, know what you do want
Honey, stop the fakin'
Come on and get with me, baby, drive me crazy
Feel me, hold me, love me, squeeze me I know, know what you do want
Honey, stop the fakin'
Come on and get with me, baby, drive me crazy

Feel me, hold me, love me, squeeze me I know, know what you do want
Honey, stop the fakin'
Come on and get with me, baby, drive me crazy
Feel me, hold me, love me, squeeze me
I know, know what you do want
